PROFILE

As a passionate and motivated individual, I am seeking an internship as a Web Developer to further develop my skills and knowledge in this field. I am excited to contribute my enthusiasm and dedication to a dynamic team while gaining hands-on experience in website development.

WORK EXPERIENCE

While I was studying at the Faculty of Information Technology at the end of my third year, the school gave me an internship at POSCAR Digital Co.,LTD. Two months in the Department of Software Engineering. And while studying at school, I did some projects with my teachers and classmates, such as

- Banking System (C programming, C++)
- car_system_pos using PHP (Laravel)
- Mart Management system using Python GUI Database
- website school (front-end with Reactjs)
- Calculator (Jquery)
- stock system with maintaining
- electricite_du_cambodge Management using Laravel
